They would also like to thank all those who participated in the various meetings and workshops, in particular those in Freising in 1999, in Heathrow in 2000, and in Wageningen 2001. These participants are listed below. Warm thanks also to those who so generously provided written commentaries on the various drafts. The drafters would like to pay tribute to the late Antoni Damman, Chairman of the International Mire Conservation Group, who died on 27 December 2000. He was a considerable source of support in drafting the document.

The participants in the three joint IPS-IMCG meetings which considered successive drafts of the Wise Use Document were:
